OVER-UNDER SHOTGUNS

MODEL 605 FIELD

Performance, versatility, dependability. Whether you're in the field or on the range, SKB over-under shotguns have the balance and fit to help you shoot your finest. All 12, 20 and 28 ga. models have the "inter-choke" choke tube system to help you adapt to changing shooting conditions. And with 135 years of experience, you know that when you pick up an SKB shotgun, you're handling a gun designed to last a lifetime and longer.

FIELD

MODEL 505 DELUXE FIELD

MODEL 605 FIELD

The SKB over-under shotguns are one of the very few brands with models in 12, 20, 28 and .410 ga. Couple this with the three grades: 505 Deluxe, 605 and 885 and we know there is an SKB field model to suit you. All models have manual safety, automatic ejectors, single selective trigger, ventilated rib, and box locking system. The "inter-choke" choke tube system is standard on all 12, 20 and 28 ga. models so you can select any choke combination for your hunting needs.

505 DELUXE — Finely engraved game scenes on nitrided receiver. Checkered walnut stock with high gloss finish.

605 — Beautifully engraved game scenes and scrollwork on nitrided receiver, top lever and trigger guard. Fine checkering on beautiful semi-fancy American walnut stock with high gloss finish.

885 — Exquisitely engraved game scenes and delicate scrollwork throughout the sideplates and nitrided receiver, top lever and trigger guard. Fine line checkering on the best semi-fancy American walnut stock with a high gloss finish.

SKEET

OVER-UNDER

885 SKEET

SKB Skeet over-unders have been favorites on the range for many years. As with the trap models, skeet guns are available in the 505 Deluxe, 605 and 885 series. The "Inter-choke" system is available in the 12, 20 and 28 ga. guns while the .410 ga. is choked skeet-skeet. The wide target rib gives the shooter a good sighting plane. The other features standard to SKB over-unders; manual safety, single selective trigger, automatic ejectors, and box locking system insure a gun that will last a lifetime on the skeet range. The engraving patterns and wood on SKB skeet models are the same as their trap counterparts.

Stock Dimensions: Length of Pull 14 1/4", Drop at Comb 1 1/2", Drop at Heel 1 1/2", Inter-choke System Includes Imp. Cyl., Modified and Full Choke Tubes.

THE "INTER-CHOKE" SYSTEM

By simply changing the "Inter-choke" tubes in the barrels of your SKB shotgun you can select any choke combination for your hunting and shooting needs. The "Inter-choke" system is available in all SKB shotguns in 12, 20, and 28 ga. In 12 ga. the tubes available are Extra Full, Full, Imp. Mod., Modified, Imp. Cyl., and Skeet. In 20 and 28 ga., "Inter-choke" tubes are available in Full, Modified, Imp. Cyl., and Skeet.

SKB OVER-UNDER ENGRAVING PATTERNS

Fine engraving on both sides and bottom of the nitrided receiver is available on all 505 Deluxe field models.

All 605 models have a fully engraved nitrided receiver with game scenes and fine scrollwork throughout.

The sideplates on the nitrided receiver of the 885 series allows for fine game scenes and intricate scrollwork throughout the entire receiver.

SEMI-AUTO SHOTGUNS

THE GAS OPERATED 1300 UPLAND AND MODEL 1900

MODEL 1300 UPLAND

MODEL 1900

Performance, versatility and dependability are also trademarks of the SKB semi-auto shotguns. In the field, the lightweight alloy forged receiver insures a quick swinging gas operated semi-automatic shotgun all day long. The inter-choke system gives you one gun that will work in all hunting situations just by changing the inter-choke tube to fit your needs. Add to that the SKB Universal Automatic System and you can shoot any 2 3/4" or 3" load without changing barrels. And finally, the SKB magazine cut-off makes it safe and easy to empty the chamber of your shotgun without unloading the magazine. All SKB's have a ventilated rib barrel with checkered walnut stock and forend. The gun capacity is five rounds, including one in the chamber, and the plug included will reduce it to three. The receiver of the 1300 Upland is black anodized. The 1900 has a hunting scene etched into it. Both guns include a manual safety.

MODEL 1900 TRAP

The SKB 1900 is also available in a trap version with Monte Carlo stock. As with the over-unders, the wider stepped rib allows for a superior sight picture. Add to this the light recoil of a gas operated semi-auto and shooting comfort is yours.
